

DEPARTMENT OF ENGLISH

BEST PRACTICE

TITLE: Enhancement of Communication Skills in English

OBJECTIVES:

- To enhance Communication Skills
- To instill the basic four skills of the language – Listening, Speaking, Reading and Writing
- To cultivate a positive mindset and foster teamwork.
- To assist them in performing the SWOT analysis.
- To improve body language, perception and interpersonal skills
- To inculcate proper etiquette

CONTEXT:

Communication Skills in English are need of the hour to get employability. They are crucial for everyone, whether they are working or studying. It is essential to comprehend and be proficient in every kind of communication because there are many different ones. Additionally, there is a high need in every industry for those with strong English communication skills. The English department performs a variety of activities to improve the communication Skills of the students in order to meet the demand. The students are reluctant to speak in English in the classrooms because Telugu as mother tongue is the medium of instruction and the majority of the pupils are from rural places. It is necessary to be proficient in English communication because it is in high demand on all employment markets. The students are required to take part in a range of activities during the sessions, such as personal introductions, group discussions, role-plays, mock interviews, JAM, etc. While the other students watch and observe them with curiosity and pick up the necessary abilities, some of the pupils join in all the activities with enthusiasm.

PRACTICE:

The Dept. of English conducts the oral and written activities such as student seminars, JAM sessions, Group Discussions, Debates, Role Plays, Mock Interviews, and Expansion of Ideas etc in a phased manner throughout the academic year. Because all of the exercises are carefully designed to meet the needs of slow, average, and advanced learners and are carried out in an interactive manner, the students are engaged enthusiastically in their work. The program's main idea is that the teacher serves as a facilitator and the students handle everything. The children gain an appreciation for others' expertise and talent while also learning to interact and cooperate with others through participation in the activities. Additionally, engaging in various activities helps pupils develop their confidence while also improving their communication abilities. By witnessing the passionate students and their extraordinarily fantastic engagement in the assignments, the shy students who are afraid to communicate their opinions and ideas are inspired and driven. The majority of students who take part in the activities speak English fluently, and the students who learn things slowly become inspired and attempt to take part in the upcoming events. Students who take part in the activities develop their four language skills—listening, speaking, reading, and writing—to the fullest extent possible.

EVIDENCE OF SUCCESS:

The students

- Mastered LSRW Skills.
- Improved communication Skills.
- Grew to be teammates.
- Developed appropriate manners.
- Mastered effective body language.
- enhanced conversation skills
- Improve time management skills.
- Increased creativity.
- Developed leadership abilities.

Accredited by NAAC with ' B' Grade, Affiliated to Acharya Nagarjuna University

PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED:

- As the students come from rural areas and have Telugu as medium of instruction, they feel shy to speak in English.
- They have low self esteem regarding communication skills
- Mother tongue interference is more while conversing with others
- They hesitate to express their feelings, opinions, thoughts freely in English
- The students need assistance in boosting their confidence to speak in English
- They need support from the teachers to participate in the oral and written activities.

STUDENT SEMINARS & ORAL ACTIVITIES CONDUCTED-2018-2019

The department arranged student seminars and oral activities such as JAM sessions, Group Discussions, Debates etc for the first and second year students on the topics of their interest taken from the syllabus during 2018-2019. They are conducted to give scope for the students to improve their communication skills, confidence level, and management of the stage fright. Majority of the students participated in the activity with the material prepared. They are appreciated and given the constructive feedback for their improvement in the future.

NEWS PAPER READING ACTIVITY

The department conducted news paper reading activity to enhance the reading skills and reading comprehension of the students during the academic year 2018-2019. For the first time the students hesitated to read but they were motivated to read the news paper on the dias. Some of the students had excellent reading skills. They were appreciated for the activity.
